<i>Our best-seller as it provides a combination of wild nature and good service. We start at 2pm, cruise slowly down the delta admiring animals around, arrive at our campsite at 5 where we take you for a short walk while we start the barbeque going. Then you can take a shower, enjoy your drinks, delicious barbequed chicken and listen to ranger's stories about wildlife. In the morning after a cup of strong coffee we invite you for a walk after which we set off and offer you breakfast on board. We'll come back to Paraa just in time for lunch.</i>	8			65
